B4B CERTIFICATION FORM

Administrative Certification

Any applicant who requests authorization under the New Jersey Pollutant Discharge Elimination System (NJPDES) General Groundwater Petroleum Clean-up Permit No. NJ0102709 (Category B4B) is required to publish their intent in a local newspaper pursuant to N.J.A.C. 7:14A-6.13(d)3. The following public notice shall be used as established in the General Permit:

"Notice is hereby given that pursuant to N.J.A.C. 7:14A-6.13(d)3,
_____ [name of applicant] intends to submit a
request for authorization under the General Groundwater Petroleum
Product Clean-up Permit No. NJ0102709 to the New Jersey Department of
Environmental Protection. This authorization will allow
_____ [name and address of facility] to
discharge decontaminated groundwater for petroleum product remediation
projects into _____ [name of receiving water body] ,
which is a surface water of the State."

Please complete the certification to request authorization under the General Groundwater Petroleum Product Clean-up Permit:

I certify that arrangements have been made for publication, in a daily or weekly newspaper within the area affected by the facility, that this request for authorization under the NJPDES General Groundwater Petroleum Product Clean-up Permit No. NJ0102709 will be submitted to the New Jersey Department of Environmental Protection.

Professional Certification

Please complete the certification to request authorization under the General Groundwater Petroleum Product Clean-up Permit. This certification must be completed by a Professional Engineer **or** a New Jersey Subsurface Evaluator as established in the General Permit.

I certify, under penalty of law, that the Technical Report provided in this request for authorization under the NJPDES General Groundwater Petroleum Product Clean-up Permit No. NJ0102709 (in particular, the source of contamination, the duration of the discharge, the latitude and longitude of the discharge, the average flow rate, and the analytical characterization of the untreated groundwater) are true, accurate, and complete to the best of my ability.
